EDUCATION

Full Stack Web Developer
Masai School
February 2024-present

Bachelor of Education
Chotu Ram College Of Education
November 2020 - August 2022

Master in Science (Mathematics)
Jamia Millia Islamia
August 2018 - September 2020

TECHNICAL SKILLS

HTML5 | CSS3 | JavaScript | React | Node.js | Express.js | MongoDB | SQL | Python

SOFT SKILLS

Adaptability | Time Management | Effective Communication

CERTIFICATIONS

- Advanced SQL

PROFESSIONAL SUMMARY

Dynamic full-stack web developer with strong expertise in the MERN stack, adept at building scalable web applications. Excels in JavaScript, Node.js, and React.js. Proven ability to leverage generative AI and rapidly master new technologies. Passionate about enhancing development workflows and code quality.

PROJECTS

1. Timely | 🌐 | 🌐
HTML5 | CSS3 | Responsive Web Design | Bootstrap

- Developed responsive web layouts utilizing Bootstrap, ensuring seamless adaptability across devices.
- Conducted thorough testing and debugging to maintain high standards of quality and usability.
- Ensured cross-browser compatibility and fluid layouts for a consistent user experience on various devices.

2. HavenHomes | 🌐 | 🌐
React | HTML5 | CSS3 | Tailwind CSS

- Developed secure user authentication using React and Firebase, ensuring only registered users can access detailed property information.
- Implemented advanced search, filtering, and sorting features on the properties page to help users find properties that match their criteria.
- Designed and developed the properties page to be fully responsive, ensuring a seamless user experience across various devices.

3. EditorX | 🌐 | 🌐
Node.js | React | Express.js | MongoDB | Redux

- Collaborated closely with the team to design and implement a robust file management system within the EditorX platform.
- Developed server-side APIs using Node.js and Express.js to manage file operations securely and efficiently.
- Optimized the database models and queries using MongoDB to ensure fast retrieval and synchronization of code files.
